Dear Mr. Shorts,

I knew I had to respond as soon as I saw your ad for the UI Designer position. I have a top-notch portfolio to demonstrate my design skills. I offer expert-level experience with Adobe Illustrator Photoshop and other visual frameworks while also possessing a Master's Degree in Web Design & New Media.

I have a background in Art and design with a Master's of Fine Art Painting and a Bachelor in Environment and Art Design. I am able to build and design pages that are visually stunning and that clients love. I am able to design user-interface smooth pages that promote user interaction with the information. In addition to good visual abilities I also possess great presentation skills which allow me to successfully present design ideas to stakeholders. My strong conceptualization ability allows me to picture and then bring to life beautiful work. Finally I have extensive knowledge of wireframe and storyboard creation. I know you will agree you have found your next UI Designer upon meeting.

I have enclosed my resume and a copy of my portfolio for your review. I look forward to meeting you to call to schedule an interview.

Sincerely,

Yueting Lu
